Pursuant to our 1 August 1963 telephone conversation, reference to clauses B-21 and B-29 of the "Basic" have been deleted from the contract. B-21 may be incorporated at a later date if the Government desires. For the presently envisioned work, clause A-3, which is included, should adequately cover the limitation of cost. Deletion of B-21 and B-29 will greatly facilitate contract administration.

[redacted] is very pleased with this opportunity to serve your office and looks forward to a very pleasant and constructive relationship.
